About Me

A self taught data enthusiast with a keen eye for detail and a passion for staying updated with the latest technology advancements. My expertise lies in effectively utilizing data analysis tools like Python libraries that includes Pandas, Numpy, Matplotlib, Seaborn, Scikit-Learn, NLTK etc, ML algorithms, SQL and Excel to draw insights and tell a story from a given dataset. I strive to leverage my skills in order to drive efficiency and productivity. I am constantly seeking new opportunities to apply my knowledge and contribute to their success.

Experience

5/2023-Present

Assistant Teacher at Skyil Computer Institute.

- Learnt and used MySQL for student database entry, analysis and management of the Institute.
- Assisted the lead instructor in delivering computer training, ensuring smooth operations.
- Contributed to overall success of the Institute by actively supporting the teaching and learning process.

Education

Degree

Bachelor of Science in Geology with Mathematics and Statistics
Gurucharan College Silchar
2019-2023
Grade - A

Certificates and Other Trainings

Diploma in Computer Application
Skyil Computer Institute
November 2022-August 2023

Python For Data Science
Cognitive Classes
July 2023-July2023

Data Science Certification
Unschool
July 2023-October 2023

Skills

Data Analysis, Python (Pandas, Matplotlib, Seaborn, Numpy, Scikit-Learn, NLTK, Flask, etc), MySQL, MS-Excel, ML Algorithms, NLP, Presentation Skills, Problem Solving.
